

JASON ABEL SUGIARTO

Full Stack Developer · Information Systems Student

Pekalongan, Jawa Tengah • abeljason11@gmail.com • linkedin.com/in/abelsjh • github.com/abelsjh

EXPERIENCE

Independent Full Stack Developer — Freelance (Remote) *Early 2026 – Present*

- Delivered 2–4 client web projects — landing pages, company profile sites, and a full Point-of-Sale (POS) system — generating Rp 15,000,000 in total revenue
- Built a Laravel 12 POS system for a spare parts retailer: multi-role auth (Owner/Kasir), FIFO batch costing, two-location (warehouse/store) stock tracking, offline-capable desktop packaging via NativePHP, and an automated test suite (27 tests, 63 assertions)
- Ran a multi-session code review pass that resolved brute-force auth vulnerabilities, race conditions, N+1 queries, and SQLite compatibility issues
- Owned the full project lifecycle: requirements gathering, UI/UX design, development, testing, and client handover

Full Stack Developer Intern — GKI Pekalongan Church *March 2026 – May 2026*

- Designed and built a church management system now ~85% complete across 44 commits, serving a 1,000+ member congregation
- Engineered a hybrid RFID + face recognition attendance system — a combination not found in existing commercial church software — with automatic WhatsApp notifications, built UU PDP-compliant (consent logging, revocable consent, no raw photo storage)
- Built on a CodeIgniter 4 + Python FastAPI architecture, connecting services via a secure API key
- Delivered an e-office module for correspondence, document archiving, and approval workflows (disposisi), with automated Google Drive backup

SKILLS

Programming Languages: PHP, JavaScript, Python, SQL

Frameworks: Laravel, CodeIgniter 4, Next.js

Database: MySQL, SQLite

APIs & Integration: WhatsApp API, Google Drive API, SMTP

Tools: Git/GitHub, Google Workspace, VS Code

EDUCATION

Institut Widya Pratama Pekalongan *Pekalongan, Jawa Tengah*

Bachelor of Information Systems — Expected 2027 | GPA: 3.79 / 4.00

Relevant Coursework: Database Systems, Web Programming, Software Engineering, Information Systems Analysis & Design, Software Testing

LEADERSHIP & ACTIVITIES

Chairman, Youth Commission — GKI Pekalongan Church *2026 – 2028*

- Lead a cross-generational committee with members 5–8 years senior, exercising adaptive leadership and high-stakes decision-making

Public Relations Officer — UKM Kesenian, Institut Widya Pratama *2024 – Early 2026*

- Secured sponsorship agreements totaling over Rp 50,000,000 across two annual festivals through proposal development, negotiation, and partner relationship management
